#### **DS83S**

with threat bolts

# **DS83S**

# Extremely flat silicon keyboard with 83 buttons

- for horizontal and vertical installation
- in machines, measurement systems, control desks
- at very less space requirements

# Description:

- The DS83S is an extremely flat silicon keyboard with very low outside measurements, 83 buttons and integrated numeric block. Buttons for windows functions are another feature of this unusual keyboard.
- The keyboard is particularly suitable for horizontal/vertical installation in machines, measurement systems and control desks where a standard keyboard is needed and only a low mounting height or altogether less place is availably.
- About this features the DS83S is the optimal sulotion for all narrow surroundings.
- Explicitly operation also in extrem weather conditions possible.
- Especially suitable for industrial extreme surroundings.

#### Order number for example:

article number: 107620800900004LL00

# Features:

- About the PVC-deck foil and the silicon switch pad high protection of the electronic components, the mechanical guides and the contacts against ingress of dust and water spray (protection IP65).
- Studied contact design guarantees a safe contact gift in every place.
- Convenient and positive operation due to the 1 mm travel keys with tactile feel.
- Splendid button feel with clear snap effect.
- Aluminium strap plate with polyester deck foil.
- Silicon switch pad (buttons) agate grey, 7038, with printed symbols. Different colours possible.
- Mounting version with very low outside measurements.
- Buttons for windows functions, integrated numeric block and LED-Indicators.

#### ADPZ

6 rue de la Liberté Zl Combeplaine 42800 Rive de Gier

Tel : (33) 4 77 83 77 03 Fax : (33) 4 77 83 77 16

#### Mechanical Data:

- Travel 1mm
- Operation force 1,2 N
- 83 buttons, compact layout
- Durability > 1 million ops.
- Storage temperature -40°C +80°C
- Operation temperature 0°C +60°C (optional -20°C - +60°C)
- Protection IP65

# Layouts:

All variants are possible.

### Variants:

 Custom-designed variants are possible (see our web-site).

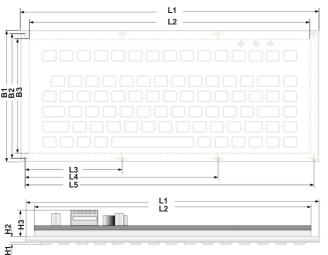

# Connecting-Variants:

- PS/2, USB
- Cable straight or spiral-shaped
- Cable length 1,5 m
- Other length are possible

### Detail Views:

 Compact button arrangement on the smallest area with integrated numeric bloc.

# Dimensions:

# Electrical Data:

- Contact load + 5V / 20 mA
- CE-conformable
- EMC-conformableRoHS-conformable
- Runo-contormable

### Principle:

Contact by a silicon switch pad with carbon contacts.

#### Use Possibilities:

- Extreme damp (even splash water) surroundings
- Very dusty surroundings
- Measurement systems
- Machine- and device construction
- Vehicle installations
- Aeronautics
- Navigation Systems
- and any more
- Very compact, flat style
- Threat bolts for optimal installation
